"Redfining Hardware Since 2017"

About Us

At Ekam, we believe that space should never limit the way you live, work, or dream. Established in 2017, our journey began with a simple idea-designing furniture that not only looks good but also makes life easier by saving space. Over the years, this idea has grown into a full-fledged vision: to create innovative, high-quality, and affordable space-saving furniture that complements modern lifestyles.

From the very beginning, we have proudly embraced the Make in India initiative. Every Ekam product is designed and manufactured in-house at our facility, where creativity meets engineering precision. This in-house approach gives us complete control over quality, innovation, and design. It allows us to experiment, improve, and bring to life products that are truly unique to our brand.

Our furniture is not just about saving space—it's about redefining it. Whether it's a compact apartment, a growing family home, or a modern office, we design solutions that maximize functionality without compromising on comfort or aesthetics. Every piece reflects our dedication to detail: durable materials, thoughtful design, smooth functionality, and a contemporary finish that elevates any space.

With a passionate team of engineers, designers, and craftsmen, we constantly push the boundaries of what furniture can do. From wall beds and bunk beds to multifunctional tables and modular solutions, each product is created with a clear purpose—helping you get more out of every square foot.In just a few years, Ekam has earned the trust of countless customers, architects, and businesses across India. Our success comes not only from innovative designs but also from a strong commitment to customer satisfaction and after-sales support.

As we continue to grow, our mission remains the same: To design and manufacture world-class space-saving furniture.To make modern living accessible and affordable.To proudly represent Indian craftsmanship on a global stage.

At Ekam, we don't just make furniture—we create possibilities. With every product, we aim to unlock the hidden potential of your space, so you can live bigger, smarter, and better.

Ekam – Redefining Space Since 2017
